EXPERIENCE

ChiefSoft Works, Atlanta, GA, USA

MARCH 2023 - PRESENT

ChiefSoft Works, Atlanta, GA, USA — *Intern*

JAN 2023 - MARCH 2023

I learned and worked with dockerized apps. I built real-world web applications. I gained experience in applying logic to code. I also improved in optimisation techniques.

HacathonAfrica Bootcamp 2022, Enugu, Nigeria — *Intern*

SEPT 2022 - DEC 2022

I learned and applied the MERN stack technologies, worked as a team leader to build web projects based on real life solutions. I played significant roles in the building of the backend (express and node) and frontend (React, Tailwind e.t.c) web applications. I also learned the fundamentals of UI/UX.

Genesys Tech Hub (Upskill), Enugu, Nigeria — *Intern*

MAY 2022 -JULY 2022

I developed the soft skills required to work with a team and built projects.

Aptech Computer Education, Enugu, Nigeria — *Intern*

2020 - 2021

I learned the basic fundamentals for programming, I learned the essentials for Web Development i.e HTML, CSS, Javascript.

EDUCATION

University Of Nigeria, Nsukka, Enugu, Nigeria — *B.Sc*

Computer Science.
